Article 2
Objective of cooperation

Promoting cooperation in various areas of education and scientific research.

Article 3
Content of cooperation

- 1) Exchange of specialists (lecturers and researchers) and students.
- 2) Co-ordinate in scientific research on biology.
- 3) Exchange specimens following the laws of Indonesia and Taiwan (with permission from relevant agencies and specimen's regulation of the Parties).
- 4) Hold joint workshops, seminars, exhibitions and short-term classes.
- 5) Co-organize the research courses, field work, sample analysis and joint publication of research results.
- 6) Other areas that both parties take interest in.
- 7) Detailed conditions of research collaborative projects should be determined through mutual consultation and agreed in writing by the person responsible for each project in a Plan of Operation (PO). The PO constitutes an integral part of this MoA.

Article 4
Responsibilities of the Parties

The Parties honour the letter and spirit of the Convention on Biological Diversity (CBD), the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES) and other relevant international agreements and abide by international and national laws and regulations on access to genetic resources (and associated traditional knowledge) and the fair and equitable sharing of benefits arising from their utilization.

Article 5
Financial obligation

This MoA would not impose any financial obligation upon both the UNP and NTNU. Financial agreement will be concluded in concrete collaborative projects or activities.

Article 6

Ownership

The Parties will jointly publish the research results arising from collaborative project and activities. The Parties will jointly hold the ownership of patents (if any) produced by projects and activities of this cooperation.

The protection of intellectual property rights shall be enforced in conformity with the respective national laws and regulations of the Parties, and shall involve the development of consent forms and agreements for specific project.

Article 7

Data Protection

Both Parties agree to collect, process, use, disclose and otherwise manage personal information only for the purposes of fulfilling their obligations under this MoA.

Both Parties agree to ensure that personal information is not used for any purpose other than that for which it is collected.

Article 8

Third Party

The Third Party under control or supervision by UNP or NTNU can participate the collaborative activities, and the activities are restricted by this MoA and PO of each project.

Article 9

Duration, effectiveness and termination of MoA

This MoA is valid for five (5) years and may be prolonged by the written agreement if both Parties are ready to continue this cooperation work.

This MoA takes effect after the date of the last signature. This MoA may be amended or terminated by mutual consent, if proposed by either Party, by giving at least six months notice in writing to the other Party.

This MoA is made in two copies in English language, and each Party retains one English version respectively.

Article 10
Other agreement

Neither UNP nor NTNU shall be held responsible for any accident or injury on either party, loss of life, or loss or damage of personal effects of person involved in activities connected with this MoA.
